The Bohemia range of Multifuel Stoves

Peve Enterprises Ltd was established in 1993 as importers and distributors of traditional firebaskets, grates and firebacks to the fireplace industry. As the business developed fireplaces were added to the portfolio and in 2004 the first stoves were introduced to the British market. Peve are now a major distributor of traditional and contemporary stoves - distributing the Suffolk, Bohemia, Heta, Aduro, Invicta and Godin stove brands in the UK.

The Bohemia family of wood and multi fuel stoves are the result of years of practical design experience to create an aesthetically pleasing product which is ideally in tune with the demands and requirements of the British market. Precisely built in steel to exacting standards these stoves are available with a plain door to suit contemporary settings or a cast iron decorative door for traditional fireplaces.

### FEATURES

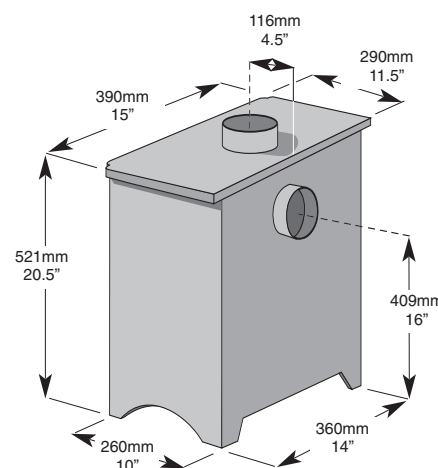

- ▶ 5 year guarantee on the body
- ▶ 2 year guarantee on the grate
- ▶ Heavy duty 5mm steel body and 8mm steel top plate
- ▶ Clean and attractive lines
- ▶ Lovely view of the fire

- ▶ Optional contemporary plain door or decorative traditional cast iron door
- ▶ 2 door option available on the Bohemia 50 and 60
- ▶ Convector top plate
- ▶ High capacity firebox lined with refractory firebricks
- ▶ Lift out baffle for easy flue cleaning
- ▶ Top or rear 125mm flue outlet
- ▶ Approved to EN13240 for wood, brown coal and smokeless fuel burning
- ▶ Efficiencies exceed 72%
- ▶ HETAS approved for wood burning

### Bohemia 30 - 3-4kW Multi Fuel Stove

The compact 30 is ideally suited to the smaller fireplace opening measuring 16" (405mm) x 22" (560mm) in height. This small stove is ideal whether used in smaller homes, narrow boats or summer houses, and will give a lovely radiant and convection heat.

- Nominal output 3-4kW
- Max log length 300mm
- Flue outlet 125mm top or rear
- Weight 51kg
- Available with Plain door
- Burns wood, brown coal or smokeless fuel
- Efficiencies : Wood 74.4% and Solid fuel 75.5%

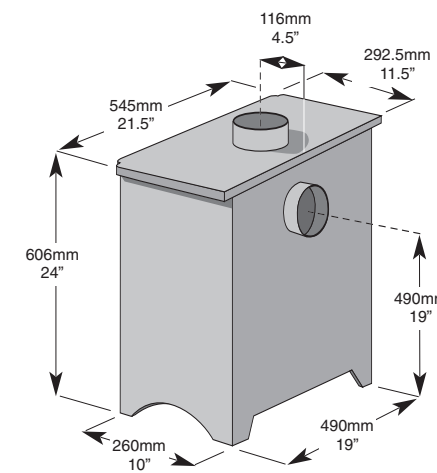

The front cover features the Bohemia 50 with a decorative traditional cast iron door

### Bohemia 40 - 4-5kW Multifuel Stove

- Nominal output 4-5kW
- Max log length 400mm (16")
- Flue outlet 125mm top or rear
- Weight 71kg
- Burns wood, brown coal or smokeless fuel
- Efficiencies : Wood 77.3% and Solid fuel 76.8%

The Bohemia 40 is a super-slimline wood and multi fuel stove with the exact same frontal dimensions as the 50 and 60. Designed to fit on narrow hearths, it can take an industry leading 400mm (16") log length, and will give an excellent heat output with a wonderful view of the fire through its large glass window.

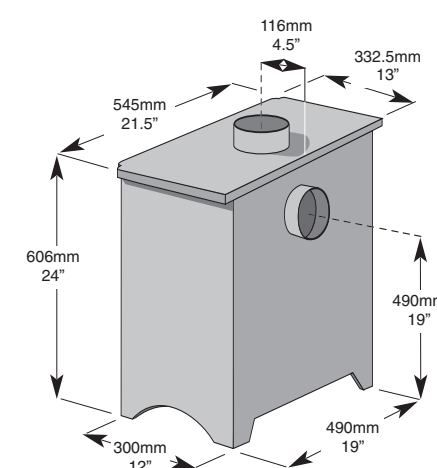

### Bohemia 50 - 5-6kW Multi Fuel Stove

- Nominal output 5-6kW
- Max log length 400mm (16")
- Flue outlet 125mm top or rear
- Weight 81kg
- Burns wood, brown coal or smokeless fuel
- Efficiencies : Wood 74.6% and Solid fuel 77.2%

The Bohemia 50 slimline is the larger brother to the 40 with exactly the same features but offering a very useful 5-6kW of controllable heat output when burning wood or solid fuel.

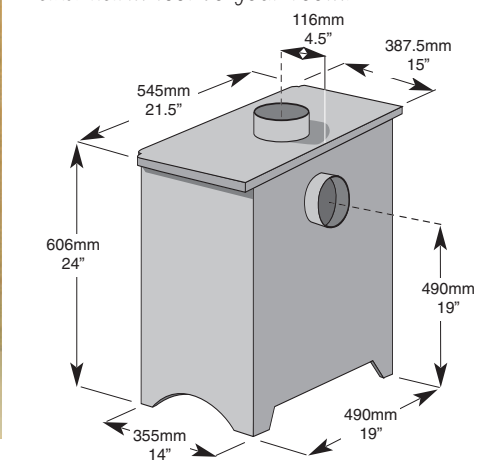

Peve Enterprises has a continuous policy of improvements and reserves the right to change specifications without prior notice. E.&O.E.

### Bohemia 60 - 6-8kW Multi Fuel Stove

- Nominal output 6-8kW
- Max log length 400mm (16")
- Flue outlet 125mm top or rear
- Weight 91kg
- Burns wood, brown coal or smokeless fuel
- Efficiencies : Wood 72% and Solid fuel 78%

The Bohemia 60 is the largest stove in our range with a generous 6-8kW of heat output to warm a large room. A capacious firebox makes this stove practical for burning either wood or solid fuel to give long burn times and a cosy and warm feel to your room.

It is generally accepted that the burning of wood releases the carbon dioxide that the tree has absorbed during its normal photosynthesis. This makes wood burning carbon neutral, and friendly to the environment. So you can feel cosy and virtuous!

### Options

In addition to the traditional black, we also offer a choice of cream and blue
