Heta Inspire 45 Enamelled Majolica Brown

Outstanding Multifuel Stoves Remarkable Danish Quality

The New British designed Heta Inspire 40 and Inspire 45 multifuel stoves offer beautiful modern design, unparalleled levels of performance and produced by Heta - one of Denmark's leading stove manufacturers. The Inspires are the perfect choice where top quality, great looking and super efficient stoves are required for your home and fireplace.

Heta Inspire 45 Matt Black

Heta Inspire 45

The Inspire 45 offers a remarkable 84% efficiency and is designed to burn wood or smokeless fuel and provides a beautiful view of the fire burning impressively through the wide cast iron door.

Watch in wonderment as the flames gently twist and turn and lazily disappear out of the fire box as the wood fuel gently crackles and burns whilst enjoying the beautiful warming and controllable heat that this stove produces.

Features include a single lever air control to give an accurate and precise control of the fire. Built-in clean burn combustion technology, secondary air wash to keep the glass spotlessly clean, riddling cast iron grate.

Robust 5mm steel construction with cast iron door and fitted with fresh air supply to allow the stove to be fitted directly to an outside air supply. Perfect for installation into highly insulated homes.

Heta Inspire 40

The Inspire 40 multifuel stove offers a stunning 81% efficiency and is built to the exact same specification as its larger brother, the Inspire 45. With its clean and modern styling and portrait design, it is an ideal choice of stove for installation into many fireplace settings or used in a freestanding situation.

Approved to EN13240 and fully Defra approved for burning wood in smoke control areas and supported by Heta's 5 year guarantee.

Heta Inspire 40 matt Black

Heta Kosi 6304 (100mm legs) matt Black Cast Iron

Heta Kosi 6304

The Heta Kosi 6304 is a traditionally styled multifuel cast iron stove with a nominal heat output of 4.9kW. The stove is designed to burn wood and smokeless fuel on its built-in riddling grate. A vermiculite lined fire chamber ensures an efficiency of 79% when burning wood.

Available with 100mm or 250mm leg lengths and with full enamel colour options. With its portrait design the Kosi is the ideal stove for installation into a modern or a traditional fireplace setting.
